“The trick of it, she told herself, is to be courageous and bold and make a difference. Not change the world exactly, just the bit around you. Go out there with your double-fist your passion and your new Smith Corona electric typewriter and work hard at ... something. Change lives through art maybe. Write beautifully. Cherish your friends; stay true to your principles, live passionately and fully well. Experience new things.” ---David Nicholls, *One Day*, 2010
